Objectives

- To explore research trends in Electronics and allied branches, Mechanical Engineering, Civil Engineering, Computer Science and Information Technology.
- To provide a platform to present a research work for review by experts in relevant fields.
- To provide a forum for exchange of ideas and views on latest research developments.
- To provide a forum where research scholars can interact with experts for assessment and further guidance.
- To help aspiring researchers to identify area for research.
- To develop the close association between research fraternity to gain the advantage of ideas.

Thrust Areas

**Track – 1 Electronics Engineering (ETRX)**

**Track – 2 Electronics & Telecommunication Engineering (EXTC)**

**Track – 3 Electronics & Power Engineering (EXPO)**

**Track – 4 Mechanical Engineering (MECH)**

**Track – 5 Civil Engineering (CIVIL)**

**Track – 6 Computer Science & Engineering (CSE)**

**Track – 7 Information Technology (IT)**
